24/230V 15 W 850 lm

direct light

Metrica floor lamp is the ideal lamp in the living area, it emits a diffused light in the environment by directing the light towards the wall avoiding direct glare. It is characterised by a polished body with a height of 86.5 cm, resting on a polished circular base. The 50 cm long LED light source is hidden inside the support that forms the base, it lights up as soon as it is extracted, gradually increasing in intensity until it reaches its maximum position.
